

## Exhibition at the ISTEgIM 2019 conference

On October 24 and 25, the International Symposium on Thermal Effects in Gas flows In Microscale – ISTEgIM 2019 ([www.istegim.eu](http://www.istegim.eu)) will take place in Ettlingen / Germany. This symposium finalizes the European Marie-Sklodowska-Curie Innovative Training Network MIGRATE ([www.migrate2015.eu](http://www.migrate2015.eu)). Numerous highly acknowledged international scientists, engineers and representatives from industry will attend to discuss recent scientific findings and developments in a broad variety of topics covering different aspects of enhanced heat transfer and thermal effects in microsystems.

To strengthen the contact between the scientific and industrial communities we would be delighted to have your company as one of our **highly appreciated on-site exhibitors**.

We pre-defined some possible exhibition possibilities:
